Dencraft Reaches for the SKYPE

As part of its ongoing drive to improve communication through new technology Dencraft has installed SKYPE web-cams in the lab. Clients can now contact the lab on one of the SKYPE phone addresses listed below and have a visual as well as audio conversation with the technicians. This now offers a whole new level of service and communication as both parties for example can view the jobs that are being discussed at the same time. Not only is the SKYPE web-cam a fantastic new service it can be used from any PC connected to the internet anywhere in the world giving even more flexibility, all this and the **calls are free** between any SKYPE phones. SKYPE web-cams can be purchased via any reputable PC or Electrical dealer, costs range from £25 - £60 with relatively easy set-up procedures. If you would like further information on using this new SKYPE service please contact Jason at the Lab on 0114 2580011.

Dental Awards Sponsorship

April is fast approaching bringing with it the Dental Awards also known as the Probe Awards, which are held annually at the Royal Lancaster Hotel in London.

For the past 3 years Dencraft has been an avid supporter of the awards and this year is no exception.

In previous years Dencraft has entered the Laboratory competitions and has been very successful. Last year alone it was crowned both Probe & Private Dentistry Lab of the Year a unique double. This year however the Lab will not be entering the competition instead it will be **sponsoring** them.

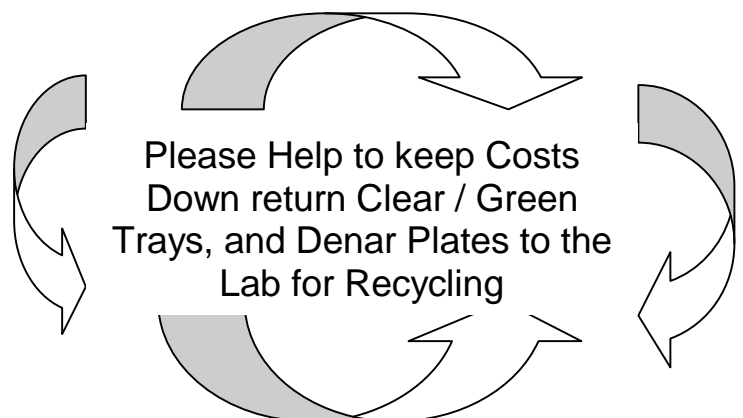

In its newfound capacity as sponsor Dencraft senior management team along with several specially invited guests will be attending the event to present awards in both the Lab of the Year and Best Practice Environment categories.

New Portrait Service

Dencraft has employed the services of a professional photographer and is offering a portrait photo service for those all important afters shots. This new service is currently free of charge for a limited period; both you and your patient will receive digital copies of the Portraits. For further information please contact Jason on **0114 2580011**

Aesthetic Dentist

The very first Aesthetic Dentist show is to be held at the Birmingham NEC on the 18th & 19th May. Dencraft will have a stall and be exhibiting at the show. Invites will be published shortly in the mean time if you would like further information please contact Jason on **0114 2580011**

Saving Money & The Planet

The latest interior LED light from Constellation Lighting UK is currently being tested with in a dental environment by Dencraft.

The Venus Ceiling light has already been successfully installed in schools, retail stores and office throughout the UK.

Benefits of the 'white light' include purity, longevity and energy efficiency, resulting in a considerable reduction of carbon emissions.

The savings on electricity and maintenance make the Venus light an attractive and bright proposition.

The trial of this innovative lighting system will continue over the coming months as both Constellation and Dencraft wish to develop a system that will not only give a purer light but also cut those all important fuel bills.

For further information please contact either Peter Wade or Mick Dudley at Constellation on 0114 2479900

Dencraft Golf Day

Calling all you golf fanatics, after last years very successful and enjoyable inaugural golf day Dencraft is pleased to announce their 2007 Golf Day: **Monday 10th September 2007.**

The venue this year will be the **Abbeyle Golf Club**, Twentywell rise, Off Twentywell Lane, Sheffield. Tee off times are booked between **1.30pm & 2.30pm.**

The day includes a free round of golf and an evening meal during which presentations will be made to the competition winners.

Places for the day are limited so if you would like to register please contact: Jason on **0114 2580011**
